

Our Mission

Synco Chemical Corporation is a privately held manufacturing company founded in 1980 in Bohemia, New York. Early on the company pioneered the development of synthetic fiber optic cable filling compounds and supplied all major telecommunication companies around the world as demand for this type of product increased.

Along the way, Synco improved on its original product and developed Super Lube®, a line of premium synthetic lubricants. Designed for an endless array of applications, Super Lube® synthetic greases and oils are clean, non-toxic, food-grade lubricants marketed to consumer and industrial customers around the world.

Synco Chemical Corporation maintains a quality system which complies with the requirements of major customers, industry standards and the ISO 9001: 2008 quality management standard.
